"How Shall They Hear Without a Great Sound System?"

INSPIRE, TEACH, COMMUNICATE & MOTIVATE

WHO WE ARE

Since 1968 we have been the premier installer of sound systems in the North Florida, South Georgia area and beyond. And since 1985 we have been integrating video systems. Trust us to be your source for professional sound & video system design, service, and installation.

MEETING YOUR NEEDS

Whether your needs are as large and complex as Alltel Stadium in Jacksonville or much smaller and personal, we can help you with your acoustical and audio-visual needs.

THE IMAGE OF QUALITY

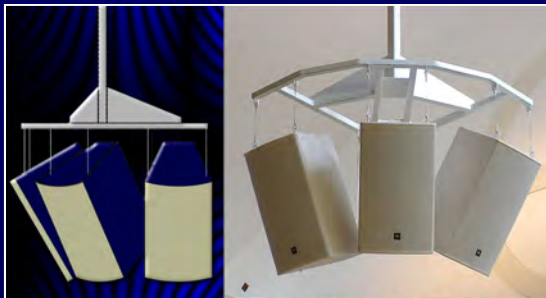

While its main role is to minister, communicate or entertain, your sound and video also creates an image. One which keeps your congregation, audiences, or patrons coming back time after time.

EVERYTHING IS BY DESIGN

Every installation receives personal attention and gets the benefit of our knowledgeable staff. Many of our systems incorporate Computer Aided Design (CAD) which allows us to provide our customers with more than a 'box' sale.

Whether it is a specially built speaker cluster

aimed precisely for acoustical benefit or a custom video touch-panel control system,

CAD Custom Design Custom Build and Install

Florida Sound does it by design and does it right the first time.

Let us design a system for your needs. Call us or visit our web site to see how our systems "Inspire, Teach, Communicate, & Motivate."

“Florida Sound has provided excellent equipment, timely installation, and exemplary customer relations.”
—Celebration of Praise

Alltel Stadium -- Jacksonville Terrace Suites Plasma Displays

Florida Sound brings these qualifications to each job:

- ▶ The ability to determine the acoustical engineering demands of each job
- ▶ A thorough knowledge of the finest electronic equipment on the market
- ▶ An understanding and appreciation of the aesthetic factors involved
- ▶ A highly skilled professional work force
- ▶ A willingness to work within necessary budgetary requirements
- ▶ And, above all, a readiness to back our work with complete, reliable maintenance.

Quality, not quantity

Our desire is to provide the best sound and video system utilizing quality vendors that stand behind their products. Contact us for a free quote.
