Mike,

Florida Sound handled the sound and video system for our \$4.5 million project completed in August of 2002. I have nothing but praise for Bob Cole and the Florida Sound team. They handled themselves in a very professional manner, met all timelines, worked within an intense construction environment with varied personalities, while maintaining a great attitude. They have handled large and small jobs, with a GREAT reputation in the local Jacksonville area.

The owner, Bob Cole, was personally responsive whenever needed on the job site. He assured the correct delivery and installation of our system and has provided unblemished warranty support. I've remarked to my staff on a couple of occasions that I would have gotten a little more sleep during our construction process if all the subcontractors conducted themselves like Florida Sound. We are looking forward to using Florida Sound on our future projects.

I would be happy to speak to you via phone or any member of your construction team, if needed.

Sincerely,  
Pastor George L. Davis
